TRICKS WITH TRINKETS

It's not WHAT you wear—but HOW you wear it, we always say. Monotonous, huh? Anybody can wear a bracelet around her wrist, a ring on her finger or a necklace around her neck. But you do it the hard way. In fact, you've written a whole new set of "Rules for Jools."

Over the Top—That's where your earrings are being worn these days —at the tops of your ears. And with those new ear - revealing braid hair - dos, it's a trick they'll talk about.

Dog Collar Clutter—Those velvet ribbons you're tying around your necks are a swoonderful parking space for your favorite pin. Most effective with your swooping neckline blouses are copies of Victorian flower pins—like pansies and such. Or has mother got the real thing stored away in a jewel box somewhere?

Among Your Souvenirs—Strictly for Sentimental Susans is the fad for wearing HIS ring, together with your own baby ring, on a ribbon around your neck. As the King Cole Trio would say, "Gee, Baby, Ain't He Good to You?"

Back Talk—Are you Coming or Going when you wear your skirts back to front with your gadget pins on the pockets over your hips? Makes you look Slap-Happy—and, in some cases, Slap-HIPPY. Or, should we say, "Rear-vealing"?

On Guard—To keep his ring from falling off your finger, you top it with a Friendship Ring, inscribed with his initials. That takes care of losing his ring—but it's not so easy to keep from losing HIM, is it?

THIN AND BARE IT

All year I gorged Banana Splits,
And took my malteds Double,
But now on Geo. I'm crying quits,
'Cos I have Midriff Trouble.

My excess weight I can't dispute,
The scale presents a riddle—
How can I wear a Bathing Suit
That's parted in the middle?

THE FINEST GASOLINE EVER SOLD AT THE ESSO SIGN

Before long, Esso Regular and Esso Extra will be on their way back --- *better than ever.*

During the war, our country has needed astronomic quantities of Powerful Super, 100 Octane Aviation Gasoline (that's why all automobile gasoline has been of reduced quality) . . . We and our affiliates were assigned the job of becoming the World's Largest Producer of that Magnificent 100 Octane Product. In doing this job, we built new plants, developed new refining methods and acquired new "know-how" that will soon pay dividends to America's car owners . . . shortly all of these facilities will be at work for you - - producing by far the finest automobile gasoline we have ever made. And that's saying a lot - - because before the war, Esso Extra was the largest selling premium gasoline from Maine to Louisiana. It probably will be a little while before your Esso dealer can supply you with this new gasoline. Meanwhile we will keep you posted. Keep your eye peeled for further information regarding this extraordinarily fine new motor fuel.

Jap Trick Shown Up by Yank Who Knows Babies

WITH THE MARINES.—An alert marine sentry who knew there was a right way and a wrong way to carry a baby, was responsible for capturing a Jap soldier attempting to infiltrate through our lines on Okinawa.

Warned to be on the lookout for Jap troops posing as civilians, the sentry became suspicious when he noticed how awkwardly an infant was being carried by its "mother." When he halted the "mother," he discovered that "she" was a Jap soldier trying to slip through the marine lines.

The Japs have been going to elaborate lengths to masquerade as civilians, but the use of an innocent baby as an aid to the disguise is the newest device, according to the report of S/Sgt. Ray Fitzpatrick, a USMC combat correspondent.

Nation 1 War Food Bank Has Start of 1600 Cans in County

While we are far from our goal of 10,000 cans of food for Foreign War Relief, the response that is being shown is very gratifying, says Mrs. B. G. Anderson, home demonstration agent.

Last Saturday, August 25, 60 families purchased food at the two canneries. A total of 1,087 cans were processed at the Appomattox cannery, and 13 cans were donated, making a total of 1,100 cans.

The Pamplin cannery processed 276 cans on that day. A number of patrons have donated some of their canning daily from each cannery. To date we have about 1,600 cans in the food bank.

We also need funds to buy the cans. The amount needed is about $450.00. Amount received to date is $55.00.

It is hoped that all Sunday Schools in the county and other organizations will contribute for this important missionary work. Send contributions to Mrs. Anderson. Those who have extra cans of food to contribute, please take to canneries as soon as possible.

Both canneries will be open Saturday, September 1st, to can for the food bank. No individual canning will be done. We need more helpers.

Lee Theatre Baseball Team Won 22 Games During Season

Lee Theatre baseball team closed its season Sunday with a 7 to 3 win over Coates in Lynchburg, in 10 innings. They defeated Heating Service here Saturday, 9 to 0.

Lee Theatre won 14 of its last 15 games, and over the season won 22 games, lost 4 and tied one.This is an excellent record for a group of "kids" playing wartime baseball. Banton won all three games he pitched; John Caldwell won four and lost one; Giles won five and lost two; Jack Williams won two; Hugh Dickerson wone one; Alton Moore won one; Gordon Webb won one, while Dick Bass lost his only start.

Conservation on the Farm

(One of a Series)

The Robert E. Lee Soil Conservation District has recently had soil surveys made of several areas in the county. Among them were Dr. H. W. Franklin, Capt. H. B. Malmar, and several for C. K. Hunter.

Dr. Franklin is getting ready to improve his farm by making contours on his land use, crop rotations, and proper use of lime and fertilizers.

Capt. H. B. Malmar has recently purchased the Chilton farm from Mr. O. T. Jamerson, and plans to build a home there for his permanent residence some time in the future.

Mr. C. K. Hunter needs more pasture and is developing two farms he has recently purchased for pastures by treating with two tons of lime and 700 pounds of 3-12-6 fertiliser per acre and will also seed some of it to pasture mixture.
